CPNI Compliance Certification

RECEIVED & INSPECTED

FEB 23 2006

FCC - MAILROOM

I hereby certify, as an officer of Commercial Electronics, that I have personal knowledge that, to the extent required by the rules and regulations of the Federal Communications Commission, Commercial Electronics has established operating procedures that are adequate to ensure compliance with the rules in Subpart U – Customer Proprietary Network Information – of Part 64 of Title 47 of the Code of Federal Regulations. Attached to this Compliance Certification is a statement explaining how Commercial Electronics operating procedures ensure that it is in compliance with these rules.

Name: _____

[Handwritten Signature]

Title: _____

[Handwritten Title]

Date: _____

[Handwritten Date]

STATEMENT

Pursuant to Section 64.2009 of the Federal Communications Commission's ("FCC's") rules and regulations, 47 C.F.R. Section 64.2009, Commercial Electronics has prepared this statement outlining why it's operating procedures ensure that it is in compliance with the FCC's Customer Proprietary Network Information ("CPNI") rules.

Commercial Electronics does not disclose CPNI to any third parties or allow third party access to CPNI. Nor does Commercial Electronics engage in outbound marketing that utilizes CPNI. Commercial Electronics, however, trains it's employees regarding the appropriate use of CPNI and will ensure that any employee that violates established CPNI procedures is appropriately disciplined. In addition, Commercial Electronics will maintain a record of all instances in which CPNI was disclosed or provided to third parties or in which third parties were allowed access to CPNI;

If Commercial Electronics decides to employ CPNI for outbound sales and marketing campaigns, it will:

- maintain a record of sales and marketing campaigns that used customers' CPNI;
- establish a supervisory review process regarding compliance with the CPNI rules with respect to outbound marketing situations and maintain records of compliance for a minimum period of one year;
- and require sales personnel to obtain supervisory approval of any proposed outbound marketing request for customer approval regarding CPNI.

At the present time we do not operate any system utilizing public or private telephone wireless networks. However, if in the future we utilize such a service we are aware of the compliance.
